European Conference On Surface Science

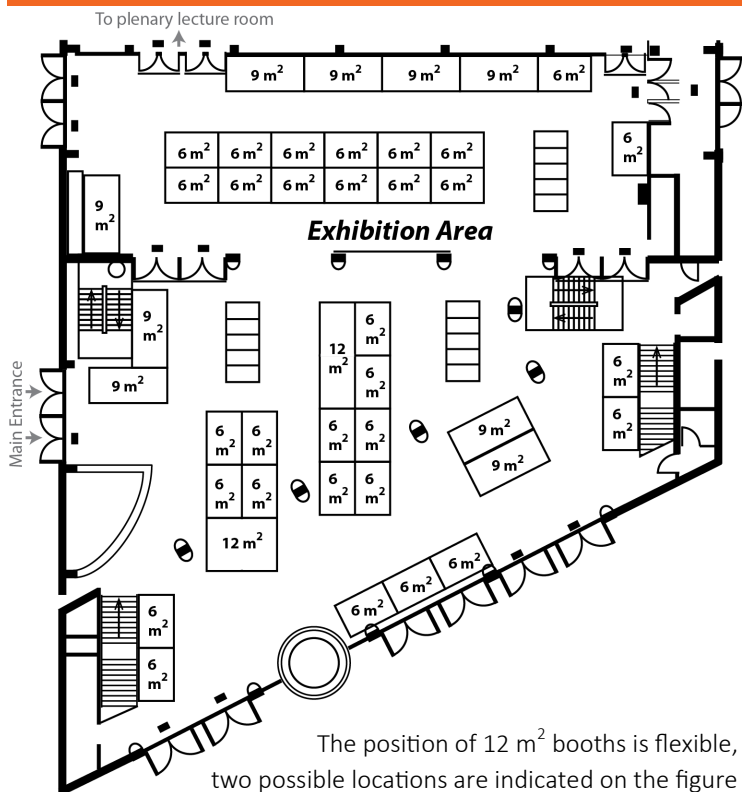

ecoss34 26th-31st August 2018, Aarhus, Denmark

www.ecoss2018.org

Exhibitor and Sponsor Invitation

Venue

The Scandinavian Congress Centre offers a central location in the city, spacious halls and an integrated exhibition area

ecoss34

ECOSS provides an excellent opportunity to meet surface scientists from Europe and all over the world, to present your latest instrument and product innovations and discuss the latest advances in surface physics and chemistry. The conference will include highlights from surface science related innovation fields such as heterogeneous catalysis, organic molecular nano-architectures, two-dimensional materials and graphene, nanoelectronics, bio-nanoscience and functional/energy materials.

ECOSS34 is expected to draw around 500 delegates and will take place in Aarhus, the second largest city in Denmark. Aarhus is a very lively city with more than 50,000 university students. It is located on the coast of Jutland with beach, harbour and forest nearby. Aarhus can be accessed by motorway from Hamburg and is served by Aarhus and Billund airports.
