

## Manuscript preparation and submission for EPDIC 14 proceedings.

Accepted manuscripts will be published in the online version of *Powder Diffraction Journal*, EPDIC 14 Supplement Issue, published by Cambridge University Press. Authors and EPDIC attendees will have access and be able to print published papers.

To assist in preparation of EPDIC 14 manuscripts, please refer to *Powder Diffraction Journal* Notes for Authors. You will find format requirements for the text, tables, figures and references. The link is:

[Powder Diffraction Journal Notes for Authors, U.S. letter size \(PDF\)](#)

Authors will submit their manuscript online using Cambridge University Press, ScholarOne. The link is:

<http://mc.manuscriptcentral.com/pdj>

New users of ScholarOne will need to register and establish a UserID and Password. If you have previously submitted manuscripts to *Powder Diffraction* using ScholarOne, you can use your existing User ID and Password.

When submitting your manuscript, you will be asked for article type, indicate **Technical Article**, and for submission type, under the Confirmation Section you can click on **Please check this box if this manuscript is to be considered for EPDIC 14**. Follow the online instructions for uploading the text files, tables and figures. Of special note, figures must be in **tif** (tagged image file) format or **eps** (encapsulated postscript) format.

Your manuscript will be reviewed by referees selected by three EPDIC Editors, Michela Brunelli, Jens-Erik Jørgensen, and Paolo Scardi. If your manuscript requires revisions, you will upload the revised manuscript through your ScholarOne account. All accepted manuscripts will be type set in *Powder Diffraction Journal* format, and publication page proofs will be sent to the corresponding author by email for final review.

For all accepted papers, a signed publishing agreement transferring full-term copyright to ICDD will be required. The copyright form is located at:
