

## *Journalistic Challenges in a Global Perspective*

# **ECREA – Mundus Journalism Pre-conference**

## **Call for Abstracts**

The 9<sup>th</sup> European Communication Conference (ECC) by ECREA will be hosted 19<sup>th</sup> – 22<sup>nd</sup> of October 2022 in Aarhus (Denmark) and has the theme 'Rethink Impact'. Mundus Journalism has been invited to arrange a Pre-conference around the theme ***Journalistic Challenges in a Global Perspective*** on Wednesday the 19<sup>th</sup> of October.

We invite Mundus Journalism alumni pursuing a research career to submit abstracts centering around this theme. We are looking for submissions focusing on timely and innovative topics and representing a diverse range of methodologies, theoretical standpoints and nationalities of the presenters. We especially encourage proposals which include a comparative research focus and/or new or original perspectives on the pre-conference theme. This call for abstracts is open only to alumni of the Erasmus Mundus Journalism MA programme ([www.mundusjournalism.com](http://www.mundusjournalism.com)).

The Pre-conference will host up to three panels chaired by the Heads of the Mundus Journalism Board, Hans Henrik Holm, Henrik Bødker, and Penny Sheets Thibaut. As the event aims for encouraging junior researchers to share their work, we will offer a small travel compensation (€100) for each accepted abstract. To round off the event, we also invite all presenters to join us for dinner in the evening.

*Please note the following information:*

**Abstract submissions.** If you plan to submit an abstract, please submit the following details: (a) abstract title, (b) 400-word (max) abstract of paper, and (c) names of paper presenters. Abstracts need to be original and may *not* also have been accepted for presentation at the ECREA main conference. The format of the paper presentation is expected to be in-person.
