

## Guidelines for flash talks

### Instructions for flash talks

The flash talk presentation at the 1<sup>st</sup> Danish International Personalised Medicine Conference will be held on Day 1 and Day 2. Please see [programme](#) for details.

Please upload the abstract for your poster presentation no later than **October 1<sup>st</sup>** at:

<https://conferences.au.dk/1st-danish-national-conference-on-personalised-medicine/abstract-upload>

Among the submitted abstracts, the Organising Committee will select 7 abstracts for oral flash talk presentation.

### Format of flash talk presentations

You will have 8 minutes in total; we recommend you use 6 minutes to present, then save 2 minutes for questions (we have a full schedule, so will have to stop talks that exceed 8 minutes). Please note that due to the large amount of abstract submissions, those selected for an oral presentation can NOT also bring a poster. The chairs will advise you of the time remaining during your presentation, kindly observe the time restrictions out of respect for other presenters. The best flash talk will be awarded a price.

### Important deadlines

In preparation for the meeting, we kindly ask you to submit your presentation slides by email to [research-networks.health@au.dk](mailto:research-networks.health@au.dk)

- Abstract submission deadline **1 October 2023**
- Slide submission deadline **18 October 2023**

### Support contact

If you have any questions, please do not hesitate to contact us at [research-networks.health@au.dk](mailto:research-networks.health@au.dk)
