

**ICM 2018 Submission types and instructions. Language: English**

<b>PAPER</b>	<b>POSTER</b>	<b>SYMPOSIUM</b>
<p>Paper sessions are oral presentations of four papers, followed by a discussion with the audience.</p> <p>To be accepted, empirical papers must contain data, methods and results.</p> <p>Theoretical papers are welcome.</p> <p>Research at its earlier stages is very suitable for poster sessions.</p>	<p>Interactive, open, unstructured poster sessions (i.e., no introductions) offer researchers the chance to present their work in a visual format and offer more opportunities for interaction and discussion.</p> <p>Poster sessions are usually ideal for work in its early stages and for novel and promising ideas.</p> <p>Posters should include:</p> <ul style="list-style-type: none"> <li>•Title and authors</li> <li>•Outline of the research problem or project objective</li> <li>•Hypothesis or research questions</li> <li>•Method: a description of the sample, design, materials and procedure of the study</li> <li>•Analyses of the study</li> <li>•Important preliminary results</li> <li>•Preliminary conclusions, theoretical and/or practical implications.</li> </ul> <p>A poster should be as self-explanatory as possible so that your main job is to supplement the information it contains. Therefore, make the poster clear, structured, concise, and attractive.</p>	<p>Symposia provide an opportunity to present research on one topic, often from multiple perspectives, compiling a coherent set of papers for discussion.</p> <p>Symposia sessions are directed by a chair, involving 4 presenters and one discussant, from at least three different countries.</p> <p>We recommend that each individual submission is checked in terms of quality, relevance and coherence to the topic of the symposium.</p>
<p><i>Paper sessions are scheduled for 90 minutes. Four presenters are each given 15 minutes presentation time followed by five minutes for questions. At the end of paper sessions there is a 10-minute open discussion.</i></p>	<p><i>Poster sessions are scheduled for 90 minutes</i></p> <p><i>We recommend that posters are produced as roll-ups.</i></p>	<p><i>A symposium is scheduled for 90 minutes, allowing approximately 12-15 minutes presentation time per speaker, ten minutes for the discussant, and 20 minutes for open discussion.</i></p>
